Bug report: You can report any bugs you find in this wiki article

Wiki Article Saver

Keywords is a feature that helps you increase the usability of your application. In short, Keywords is a feature that will allow you to define a list of search keywords that will be used by the application when you execute a search. Keywords is usually used with search engines like Google, Yahoo, Bing, etc. To manage Keywords you need to create a file called Keywords.cs under the projects main directory and do the following:

- Include the keyword toolbox
- Declare a Keyword class
- Use one of the methods: CreateNewKeyword() - Adds a new keyword RemoveKeyword() - Remove a keyword ClearKeywords() - Clear the list of keywords AddKeyword() - Add a new keyword

Program Example: ** This code example is from the following tutorial: ---

```
using System; using System.Collections.Generic; using System.Linq; using System.Text; using System.Threading.Tasks; namespace MvcAppWithKeywords { class Keyword { public string KeywordText { get; set; } public string PageUrl { get; set; } public string KeywordId { get; set; } } class Program { static void Main(string[] args) { var keywords = new List(); keywords.Add(new Keyword() { KeywordText = "my keyword", PageUrl = "", KeywordId = "mykeyword" }); keywords.Add(new Keyword() { KeywordText = "another keyword", PageUrl = "", KeywordId = "anotherkeyword" }); keywords.Add(new Keyword 2edc1e01e8
```

Wiki Article Saver

What's New In?

(1) ----- The wiki article saver helps you save and view the articles from a Wikipedia website online. It's a fantastic tool to save and retrieve the wikipedia articles for offline viewing. You can save the current article you are viewing online and view the articles offline anytime you want. (2) ----- It's capable of saving wikipedia articles from the following websites: ... and many more! (3) -----
----- For now, only a standard Wikipedia article was included. Some other wikis articles are going to be added to this application in the future. (4) -----
----- This application supports the following Wikis: You can save the articles by clicking the "save to computer" button. (5) -----
----- And the saved articles can be viewed by clicking the "view offline" button. (6) ----- For some wikis, there's a "save to computer" button, while the "view offline" button for some wikis are just a hyperlink. You can use the "back" button to go back to the wikis website. (7) -----
----- You can easily search for the saved articles by typing a keyword in the search box, and the article results will be listed in the "search wikis". (8) ----- As this application doesn't have a UI, it's simply a tool that helps you save the articles online and view them offline. If you want to, you can upload your own pictures or images to this application. (9) ----- For some wikis, you can download the xml files or wps files. (
