Allman Brothers Band 70-71 greatest hits Rar download 5. 1, 2, 3, 4!!More Allman Brothers Band: I am a bloated cheapskate who "Hate" much of any type of music, so I don't listen to it much, but I have a few favorites I admit to (mostly be older bands, up until now), not that I do consider myself a music "superfan", but I do enjoy the music, most especially at live events, and I know the bands, or should I say "The band", The Allman Brothers Band, one of my favorite bands of all time, and this years greatest rock album of 2014, or all time, I am sure of it, for me at least, is the greatest rock album of all time, The Allman Brothers Band's "Live" album, overall an incredible album in my opinion, as a collection of songs, composition's, musicianship, timing, lyrics and beyond. And of course the best band of all time, an incredible band that toured constantly and had an incredible live show. So really, my only complaint about this live release was that there is only 16 songs, great songs, but they all came from the same album, which in my opinion is one of the best live albums of all time, I would have liked to have a release with more songs from the years, and of course more performances, but I guess that's why they have another album of live songs for the band, so the search for the perfect live Allman Brothers Band album continues. I also highly recommend the band's "Fillmore East" album, I am even considering doing a review of this album, with my thoughts. So, I guess I better get busy reviewing the live album, or the upcoming live albums, for the band for the next few years. Thanks for reading this, sorry if it is a little long winded, I don't write that much anymore, so I hope it's interesting to some of you, all my best! Peace!
